Ronald Potter, President, 713 D East Main Street, Bridgewater, New Jersey 08807 for Maumee Express, Inc.

Celia D. Elie, Program Development Specialist II, on behalf of the Bureau of Registration, Division of Solid Waste Management.

On May 26, 1994, Maumee Express, Inc. (Applicant), a licensed hazardous waste transporter in the State of New Jersey, located at 713 D East Main Street, Bridgewater, NJ 08807 filed an application with the Department of Environmental Protection and Energy (Department) pursuant to N.J.S.A. 48:13A-6, for a Certificate of Public Convenience and Necessity (Certificate) to engage in the business of solid waste transportation.

Pursuant to N.J.S.A. 48:13A-6, persons are not permitted to engage in the solid waste transportation, collection or disposal business unless they hold a Certificate, are qualified by experience, training or education and the proposed collection or disposal system is registered with and approved by the Department.

The Applicant proposes to transport small quantities of solid waste incidental to the transportation of hazardous waste for various clients. The Applicant has agreed that the transportation of this incidental solid waste will always be listed on a hazardous waste manifest and transported to an authorized hazardous waste Transfer, Storage and Disposal Facility, either in New Jersey or out of state unless it constitutes source separated recyclable materials which are transported to an approved recycling facility. As requested by the Department, the Applicant has submitted an Affidavit that sets forth the criteria for its transportation of this incidental solid waste.

The Applicant submitted a copy of its notice of approval dated November 27, 1991, obtained after meeting the requirements of N.J.S.A. 13:1E -

126 et seq. (A-901).

After review of the application as filed, the Department FINDS that the Applicant has met the necessary requirements as to sufficient equipment to conduct the proposed operations in New Jersey, A-901 approval, experience and training to be granted a Certificate. Therefore, the Department HEREBY AUTHORIZES the issuance of a Certificate identified as SW No. 1878, to engage in the solid waste transportation business in New Jersey as specified hereinabove. Operations authorized herein are subject to the rights and duties of public utilities as set forth in Title 48, New Jersey Statutes Annotated and Title 14, New Jersey Administrative Code. Further, the Department HEREBY ACCEPTS the Affidavit (attached hereto) whereby the Applicant certifies that it will adhere to the above criteria in the transportation of solid waste which will exempt the Applicant from the necessity of filing a tariff as required by N.J.A.C. 14:3-11.7.

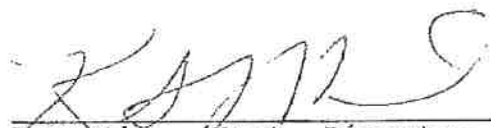

This Order shall not limit, prevent, or in any manner affect the authority of the Department or State to institute any proceeding, civil, criminal, regulatory, or administrative, in any federal or state court or agency with respect to anti-trust, monopoly, or restraint of trade issues, "fitness to serve" or other activities of the parties to this proceeding. Nor shall this Order limit, prevent, or in any manner affect the authority of the Department, or any federal or state court or agency.

Should the fitness to serve of Maumee Express, Inc. be successfully challenged in any legal and/or administrative proceeding, or should Maumee Express, Inc. or its owner, officer or employees be found to have violated any statutory or regulatory provision, the Department hereby reserves its right to amend, change, and/or rescind such provisions of this Order, as in its judgement the public good may demand.

Moreover, this Order is conditional and contingent upon Maumee Express, Inc. registering its vehicles with the Department within ninety (90) days of the date of this Order. Applicant's Certificate will be issued subsequent to its vehicle registration. Further, this Order grants approval to operate only to the extent consistent with the application, affidavit and supporting documents incorporated herein by reference. Should Maumee Express, Inc. expand the scope of its solid waste operations without seeking approval to do so, including filing a tariff, the Applicant shall be subject to penalties and fines pursuant to applicable law.
